

SGS2024-25 Circular No.0049

Date: 22/7/2024

Dear Parent,

Namaskar!

"Protecting tigers today ensures a thriving planet tomorrow."

We are pleased to announce that our school will celebrate **International Tiger's Day on 29th of July 2024** for **Grades 3-5**. This event aims to raise awareness about the importance of tiger conservation and its impact on our planet.

Activity: Poster Making Competition: Students will create posters highlighting the significance of tigers and the urgent need for their conservation. This activity will inspire creativity and encourage students to express their understanding of environmental preservation.

Why Conserve Tigers?

Tigers are essential for maintaining the balance of ecosystems. As apex predators, they help control the populations of prey animals, ensuring a healthy and diverse environment. Conserving tigers also protects many other species that share their habitat. Losing tigers can lead to imbalances that affect the entire ecosystem, ultimately impacting human lives as well.

This celebration is a wonderful opportunity for students to learn about biodiversity and the critical role each species plays in our world. Your support in this educational endeavour is greatly appreciated.

Note: Stationary will be provided from the school which was submitted at the beginning of the session

Warm Regards,

Ms Neha Sharma

Head Mistress

Sparsh Global School
